

About Infypower :

Founded in 2014, Infypower is a global innovation leader engaged in the R&D, manufacturing and supply of power electronics and intelligent control solutions. Building on decades' expertise in the global telecom power industry, we specialize in power modules, electric vehicle charging and battery energy storage technology. Adhering to the Infy Solved™ strategy, we're committed to delivering value-added solutions and services to the global market.

With more than 5 million power modules under reliable operation globally so far, Infypower has been valued as an industry benchmark and innovation leader in power electronic technology.

Infypower Electric GmbH, as the overseas headquarter of Infypower Group, is located at the scenic city Munich, in close vicinity of Messe Munich. As a global high-tech energy company, Infypower Group runs offices and factories in China, the US, Germany and Greece. Building core values on “Craftsmanship, Quality, Sharing, and Forging Ahead”, Infypower Electric GmbH takes on the mission to remain keen on technological innovations and keep pushing beyond energy boundaries. We will continue to create maximum values for customers, together achieving a low-carbon future.

英飞源成立于 2014 年，是一家从事电力电子和智能控制解决方案研发、制造和供应的全球创新领导者。凭借在全球电源行业数十年的专业知识，我们专注于电源模块、电动汽车充电和电池储能技术。秉承 Infy Solved™ 战略，我们致力于为全球市场提供增值解决方案和服务。

迄今为止，英飞源在全球拥有超过 500 万个可靠运行的电源模块，被视为电力电子技术的行业标杆和创新领导者。

Infypower Electric GmbH 是英飞源集团的海外总部，位于风景秀丽的慕尼黑，靠近慕尼黑展览中心。作为一家全球高科技能源公司，英飞源集团在中国、美国、德国和希腊设有办事处和工厂。Infypower Electric GmbH 以“工艺、品质、共享、锐意进取”为核心价值观，使命是保持对技术创新的热情，并不断超越能源界限。我们将继续为客户创造最大价值，共同实现低碳未来。

Company Info of Infypower DE :

Infypower Electric GmbH

Office location : 81829 München

Maintenance Center location : 85238 Petershausen

(Senior) Field Service Technician (m/w/d)

Key Responsibilities :

- Provide remote and on-site field support for various products, including BESS, Battery-Integrated Chargers, Power Cubes, and High-Power DC Chargers
- Visit customer sites across the EMEA region (primarily within the EU) for installation support, maintenance, and repair activities
- Ensure effective collaboration with internal teams, external partners, and customers
- Document and report field experience through designated systems, contributing to continuous product quality improvement
- Continuously expand theoretical and practical knowledge by participating in training sessions, seminars, and trade fairs
- Collaborate closely with cross-functional teams, including Service, Warranty, Spare Parts, R&D, and Product Management

Qualifications & Skills :

- Degree in Engineering, Electrical Engineering, or a related field
- Electrician certification is an advantage
- Minimum of 3 years' experience in eMobility and BESS, including installation, field operations, service, and maintenance
- Strong expertise in low-voltage energy distribution and switchgear systems
- Proficiency in measurement and analysis of three-phase AC and high-voltage DC systems
- Experience with energy management systems, measurement technologies, and IoT field devices
- Familiarity with communication protocols such as CAN, Modbus, Modbus TCP, OCPP, MQTT, and TCP/IP-based systems
- Knowledge of earthing systems (TT, TN-C, TN-S, TN-C-S)
- Experience with energy metering (CT and direct), AC grid power analysis, and smart metering
- Knowledge of EU-wide Low Voltage Directive (LVD) standards is an advantage
- Strong communication and technical consulting skills
- Proactive, independent working style with a willingness to travel internationally
- Valid Class B driver's license and willingness to travel for business purposes
- Experience with air-conditioning and cooling systems is a plus
- Fluent in English (C1) and German (C1)
- Proficient in Microsoft Office

- ★ Please send your CV via email : zoe.yang@infypower.de

Operation Specialist (m/w/d)

Key Responsibilities :

- Coordinate the end-to-end sales order process, from order receipt through to delivery follow-up
- Review order details and support internal processing within CRM and ERP systems
- Collaborate with sales, supply chain, and cross-functional teams to ensure accurate and timely order fulfillment
- Maintain order-related data and support reporting on order status, delivery performance, and inventory metrics
- Monitor order progress, delivery milestones, and exceptions, providing timely updates to relevant stakeholders
- Liaise regularly with the headquarters operations team in China to coordinate inventory preparation for the German subsidiary's sales orders

Qualifications & Skills :

- Experience in order operations, sales support, customer service, after-sales operations, or similar roles
- Solid understanding of order processing workflows and delivery follow-up procedures
- Strong cross-functional coordination skills with the ability to drive tasks to completion efficiently
- Proficiency in Microsoft Office and experience with ERP/CRM systems
- Excellent communication, problem-solving, and follow-up skills
- Experience in international business or European market operations is an advantage
- Familiarity with import/export documentation and logistics coordination is preferred
- Fluent in English and Chinese (C1 level); German is a plus

Application :

- ★ Please send your CV via email : zoe.yang@infypower.de

Finance Specialist (m/w/d)

Key Responsibilities :

- Take full responsibility for the accounting of the German subsidiary, including reviewing business transactions, preparing financial reports, managing tax filings, and maintaining proper documentation and archives
- Support the operational activities of the German subsidiary by standardizing supply chain processes and trade documentation
- Establish and maintain a compliant accounting system to ensure regulatory adherence and mitigate tax risks
- Regularly report on the subsidiary's financial position, operating performance, and business data analysis to the headquarters in China
- Prepare financial statements in accordance with Chinese accounting standards and corporate reporting requirements

Qualifications & Skills :

- Bachelor's degree in Finance, Accounting, or a related field
- Strong knowledge of German tax regulations, with at least 3 years of accounting experience in Germany
- Ability to independently prepare financial statements and handle tax declarations
- Proficiency in Microsoft Office and experience with ERP systems
- Experience in large multinational manufacturing companies is preferred
- ACCA or CPA certification is an advantage
- Fluent in English, Chinese and German (C1 level)
